AMI Group tells *PAX International* it will take the opportunity to showcase how creativity and operational know-how can come together to deliver exceptional food and beverage experiences at scale during APEX FTE EXPO.

“Throughout the show, AMI Group looks forward to connecting with airline customers and industry partners to discuss fresh ideas for elevating the passenger experience, from thoughtful culinary design and strategic sourcing to manufacturing, logistics and dependable global execution,” says Chef Matthew Farrell, Vice President, Culinary Innovation and Development at AMI Group.

Visitors can also enjoy a taste of AMI Group’s world-class wine portfolio, with selections being poured throughout the event.

“It is the perfect opportunity to discover something new, reconnect with familiar faces and raise a glass to the future of onboard hospitality,” Farrell says. “Stop by Booth 821 to meet the AMI Group team, talk food and beverage, and enjoy a glass of wine in Singapore.”
