

# La Colombe beverages offer convenience in a can

Founded in Philadelphia, USA in 1994, [La Colombe Coffee Roasters](#) now offers ready-to-drink beverages, ideal for aircraft cabins.

With a long shelf life and no need to be chilled until final consumption, the company offers Draft Lattes, Brazilian Cold Brew and Draft Chocolate Milk in the convenience of a can.

La Colombe Coffee Roasters' Draft Lattes

## **Draft Lattes**

The Draft Latte offers the full taste and texture of a latter, complete with a frothy layer of foam. It is made with nutrient-rich lactose-free milk, two to three shorts of cold-pressed espresso and a pinch of cane sugar.

The Oatmilk Draft Latte offers a dairy alternative. It combines sustainably sourced oatmilk and cold brew.

Brazilian Cold Brew in a can by La Colombe

### **Brazilian Cold Brew**

The single Origin Brazilian cold Brew is a convenient on-the-go pick-me-up. The canned coffee is brewed from fresh roast and double-filtered for a smooth, clean flavor and natural sweetness.

La Colombe Chocolate Milk

### **Draft Chocolate Milk**

La Colombe's first non-caffeinated drink is a modern take on a classic flavor. The Draft Chocolate Milk is crafted with lactose-free milk and cocoa.

La Colombe Coffee Roasters now has 30 cafes internationally along with its wholesale and ready-to-drink range.
