# Introducing the PAX Job Board

By **PAX International** on June, 13 2018 | Job Board

## Help us help you!

Are you and your company looking for the perfect candidate in the inflight services and interiors/MRO industries? *PAX International* wants to help.

Starting June 13, *PAX* will be accepting submissions to its new Job Board. If you are an airline or airline supplier with a vacancy in your organization and would like your job posting to reach the thousands-strong, engaged and professional *PAX* audience, simply provide the *PAX* team with the following:

- A brief description of the job and the skills/background that the selected candidate will require
- A link to where interested applicants can apply, or the email address to which they should submit their resume/CV
- The deadline for application or the date that the post should be withdrawn from the site

Posts will be vetted for relevancy and placed on the *PAX* site at the team's earliest convenience, free of charge. Postings will be included at the bottom of each of *PAX*'s weekly newsletters until the submission deadline has been reached.

For more information or to submit a post, please contact [Rachel Debling](#), Editor of *PAX International*.
